

Impact Earth

Robert is the best farmer in the town! He always has the biggest tomatoes, freshest lettuce and the most colorful flowers. What is his secret? He has the largest, nutrient compost pile in the world!! It is your job to help him fill his newest compost pile with the yummiest organic material you can think of. Can you help him??

HINT – his compost pile can include: Any and all yummy foods that you can think of along with paper products too (napkins- popsicle sticks)
