

Zero Waste Cleaning

Use Household Items

**Baking
Soda**

Great all purpose scrubber for sinks, ovens and grout --so repurpose that carton after it expires in your refrigerator or freezer

Lemon

Clean your fridge, cutting boards and even your glass coffee pot. All you have to do is cut your lemon in half and start scrubbing.

Cornstarch

Clean your carpets and rugs, and make shampoo. All you have to do is mix it 1 part water and 2 parts cornstarch.

Vinegar

Cuts grease and cleans mildew (do not use on granite counter tops). All you have to do is dilute vinegar and water and store it in a spray bottle.
